Subject: Phase 2 Bay-Delta Plan Workshops Coordination Meeting
[20120424 save the date notice.pdf](#)

Thank you for your interest in providing input on the organization of the Phase 2 Bay-Delta Plan Workshops scheduled for August, September and October of 2012. The Workshops' "Save the Dates" notice is attached. The purpose of the workshops is to obtain expert scientific input on the selected topics. The State Water Resources Control Board, Division of Water Rights staff has selected Dr. Brock Bernstein to facilitate the workshops with the assistance of Danielle Wilson of ICF International. Dr. Bernstein and Ms. Wilson, along with your input, will select panels of independent experts who will respond to technical questions that have yet to be developed.

To obtain your input on the format, panels, workshop questions and how the workshops outcomes should be documented, the Division staff would like to invite you to a coordination meeting scheduled for Friday, June 1, 2012 from 9-11 a.m. in Room 1410 of the Cal/EPA Building. By replying to this email, please let us know whether you will be attending this meeting.

Sincerely,
Division Staff
